if board intends to change the policy on member's choosing to mask the amount of their pledges from the minister, the work will need to start soon, and be done well before the pledge drive

This has been listed as a "work in progress" for over a year, and a policy really should exist for our legal protections on document retention policies

This is a large and complex document, is likely to change as employmen laws change in the US or in Oregon, owned by personell team
